

Liquid Concentrate

DESCRIPTION

Seasoning and flavouring premixture of organoleptic feed additives for feed use only destined to aquaculture animals.

Aqualium® liquid has an appetite and digestion stimulant action for exclusive use in feed destined to aquaculture animals.

COMPOSITION

Mixture of flavouring substances (214.700 mg/kg). **Technological additive:** inert carrier: 45,53% glyceryl polyethylenglycol ricinoleate, E-484. **Raw material:** 33% propilenglycol.

USE AND RECOMMENDED DOSES

This product is suitable for a large range of Fish, Sea Shell and Shellfish species.

Shake before using.

Has to be evenly mixed with the feed.

For the dosage, follow the technical recommendations that have been formulated to you.

100 mL per 1000 L of water.

SHELF LIFE

18 months from manufacture date.

STORAGE CONDITIONS

Store in the original container, tightly closed and in a cool place. We recommend a storage temperature below 35 °C, away from heat sources and sunlight.

N° REGISTRER : aFR85 153 018

PRESENTATION

Plastic bottles of 500ml and 1L / Jerricans of 5L, 25L.

ADDITIONAL INFORMATION

This product is free of genetically modified organisms and non-specific labelling as required.

Before handling this product, please read carefully the safety data sheet.

SPECIFICATIONS

Physico – Chemicals parameters	Acceptation range
Viscosity (sp2, 60 rpm)	40 – 300 cP
pH (Sol 10%)	3,5– 6,5
Aspect	Yellow*

* Color change over time does not affect the properties / effectiveness of the product

Undesirable substance	Acceptance range
Cadmium (Cd)	< 15 ppm
Lead (Pb)	< 200 ppm
Dioxins	< 1 ppt
Sum of dioxins and PCB'S	< 1.5 ppt
Non-dioxin-like PCB'S	< 10 ppb
Microbiological parameters	Acceptance range
Salmonella sp.	Absence/25 g
Listeria monocytogenes	Absence/25 g
E. coli	Absence/25 g
